# Product and Service Spotlight

## GIS Services

Assisting offices with their GIS needs for over a decade!

- ✓ Base map creation and maintenance
- ✓ Create and manage multiple data layers
- ✓ Update parcel split and merges
- ✓ Project management to fit your individual needs

## Sketch Validation Services

Are you missing valuable valuations? Is your field work as efficient as it could be?

- ✓ Pre-canvas and review sketch data before going into the field
- ✓ Compare every sketch in CAMA to aerial imagery to find issues
- ✓ Export your sketches into a GEO referenced GIS layer to view in Matix or your GIS viewer
- ✓ Let us save you time and money by doing all of this for you!

## Deeds Processing

Can't get caught up on your deeds? Let our staff take care of it for you.

- ✓ We process your deeds in CAMA just as though we were in your office
- ✓ We handle all project management and reporting back to you

## Matix

Matix brings your GIS, Aerial imagery and CAMA data all together into a flexible analysis tool assessors need!

- ✓ CAMA and GIS in one place
- ✓ Easily create thematic maps
- ✓ Seamless EagleView integration
- ✓ CAMA, Excel or Access no problem!
