

## Recommended Harris Govern Mobile Hardware

Below is some general information to expand on the types of iPads and cases needed in addition to links to the websites for reference. Harris Govern recommends the initial purchase of iPads with a case to include shoulder strap/hand strap. Once these items have been used in the field, there are optional/add-on items (screen protector and stylus pens) that may be beneficial for your team.

### Recommended iPads

iPad Pro 11-inch 64 GB Cellular + Wi-Fi  
**OR**

iPad Pro 12.9-inch (current generation)  
64 GB Cellular + Wi-Fi

Harris Govern Mobile does not use the iPad full storage capabilities; for purposes of using Harris Govern Mobile all that is required is the lowest storage amount.

### iPad Cases

If you are looking for cases that are field proven, then LifeProof or Otterbox brands will work for your office. Most of our users want something with a shoulder strap and 360-degree hand strap/swivel.

### Styluses

Styluses are optional and are based on user preference. We recommend that you buy a few for your staff to test out and then purchase more as needed. No specific brand or type of stylus is needed, a simple stylus purchased from a gas station will function sufficiently.

**Note:** The Apple Pencil will not work with our application.

### iPad Replacement

Harris Govern recommends your organization put replacement iPad purchases in your budget for every three (3) years. Just as any desktop computer needs to be replaced, your iPads will need to be updated and replaced as well.

*See reverse for specific recommendations.*

## iPad Pro 11-Inch

ITEM	WEBSITE
iPad Pro 11-inch Cellular + Wi-Fi	<a href="https://www.apple.com/us_epp_67909/shop/buy-ipad/ipad-pro">https://www.apple.com/us_epp_67909/shop/buy-ipad/ipad-pro</a>
